DETAILED ACTION

This is written in reference to application number 10/007855 filed on November 3, 2001 and published as US 2003/0027061 A1 on February 6, 2003.

Request for Continued Examination

1. The request filed on August 19, 2004 for a Request for Continued Examination (RCE) under 37 CFR 1.53(d) based on parent Application No. 10/007855 is acceptable and a RCE has been established. An action on the RCE follows.

Response to Amendment

2. Claims 1-44 and 54 have been cancelled. Claims 45-53 and 55-60 are currently pending. The amendment to the claims filed on August 19, 2004 introduces a negative limitation in the claims. Support for the said amendment is found on page 3, line 31 of the present specification.

EXAMINER'S AMENDMENT

3. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

4. The application has been amended as follows:

- In claim 1, line 10 replace “, ’ with ---.

Allowable Subject Matter

5. Claims 45-53 and 55-60 are allowed.

6. The following is an examiner's statement of reasons for allowance: the present amendment to the claims is sufficient to overcome the prior art reference of Trefonas (US 6280911 B1). The closest prior art reference of Pawlowski et al. (US 6358665 B1) teaches the use of an onium salt precursor which

generates a fluorinated alkanesulfonic acid represented by formula (I):
$$Y^+ASO_3^-$$
 wherein A is

CF₃CHFCF₂ or CF₃CF₂CF₂CF₂. However, the present claims prohibit the use of a perhaloalkyl and

Art Unit: 1752

requires the claimed R substituent to have 4-20 carbon atoms. The claimed invention is deemed allowable over the prior art references of Trefonas and Pawlowski.

7. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
